PLAYING INFORMATION

Key Swing Thoughts:

- I Always like to think of my pre-shot routine as a checklist. After that I have one swing thought and take dead aim!
- When I play my best usually the reason is because I have my head on straight and am focused for all 18 holes.
- A key to my game is my short game, I might not hit all the greens and fairways but making a par out of a tough lie is key to a good game!
