

PLAY WITH VISION

We welcome all golfers, regardless of skill, experience, age, and any diversity.

Two Eagles Golf Course & Academy promotes healthy sportsmanship and everyone's commitment to respecting each other while playing on our course. In acknowledgment of the videos and comments in the news today, we are deeply concerned and hope that this behaviour will not leave any lasting negative impression on our community and today's youth.

Two Eagles Golf Course & Academy is situated on Westbank First Nation lands under Indigenous ownership. We, as owners, demand and insist on the repair and restitution in situations such as these and will hold the people involved accountable.

Anyone who fails to adhere to the Golf Course rules will be banned. We will hold all parties responsible in the desecration of our beautiful golf course and we formally request the parties involved acknowledge the damage done to each other and we will be actively engaging in a restitution process.

Restitution may be in the form of a donation to an inclusive sport program such as BC Golf's Junior program or more generally Canadian Tire's Every Kid Sports. Another example is taking the Respect in Sport course through the Activity Leaders Program or the Canadian Coaching Program.

Grand Chief Ronald Derrickson acknowledges and respects that all ages play on his course and especially honors the retiree's. This is the first incident of it's kind in 20 years and will be dealt with the utmost severity and we will be requesting a full report from the RCMP.

Sincerely,

Two Eagles Golf Course & Academy
